-The Winnsbero' News pitches toto the deny that it is a good thing for the landless to become landowners, if they, by honest toil, ac quire the means to do so, as they can; but we do deny that any more good can come of a State government leading its credit for the purpose of creating land-owners out of landaborers, than for the purpose of creating house-owners out of house-tenants, or shipowners out of sailors or store-owners out of olerks, or hotel-owners out of cooks, waiters, chamberwaids and boot-blacks. It is no business at all for government, but will regulate Itselfiflet alone. At present, too, the experiment simply produces false hopes and dissatis faction, and will lessen the sotual production of the State next year, by its baneful suffuence several millions of dollars. It is a mischievons medding and an impertinent interference-a tob, and an expensive one."

The London News of Wednesday says

When Dickens left on his last visit to Amerios, he capressed a hope that he might do ser vice in the cause of peace and good-will. Dickone has not resigned this peaceful mission.
Nothing could be in being taste and feeling than his hearty speeds at the banquet on Monday evening. His wide and intimate knowledge of his countrymen enabled him to express the admiration and esteem which the Harvard Union, also census taker and magistrate, men have won for themselves in England. We hope there will be a return match, in America, and feel confident that Oxford or Lines as brotherly a welcome there as Hayra, that here. We rejoice that our kinsmen are satisfied with the arrangements of the face; we trust that for all time there may be no other or less than a generous rivalry between the pride and flower of Old and New England. Transatlantic Cam bridge has upheld the honor of her ancestral name in patriotic statesmanship and intellect, and lastly, in dignity in defeat. SATURDAY MORNING, SEPT. 4, 1869.

#### The Ku-Klux-Klan.

About twelve months ago the Presidenial election was drawing nigh, and all good Radicals busied themselves in devising a tale of rebel horror which might terrify the sober-sides of the North into voting for Grant-the Man of Peace. With an industry which gave honorable proof that they had not exhausted all their strength in contriving means of growing rapidly rich, the South Carolina Radicals rolled out yard after yard of "rebel murders" and "rebel "atrocities," and by the time that the eleotions were at hand at least two miles of printed lies had been scattered over the Union. Our Ohio Governor wa snot backward in coming forward in his peculiar line, and rolled out a score of letters and proclamations to prave that the South Carolina Democracy were on the point of swal-lowing, without salan R. K Scott and the universal Yankoe nation. The South Carclina rebels were not yet ready to make a meal of the white Radicals; but our weakkneed Governor was badly scared, all the same, believing that his cars and hide, as well as carpet bag, were in imminent danger. As Scott raved, our people laughed ha! ha! The more Scott brayed the more they cracked their sides. But not until the elections were over, did the Ohio Governor cease his cries. Then, at last, peace was permitted to reign throughout the land.

For many months we have been allowed o remain quiet. There is, however, some danger that the Radicals may be flung in Pennsylvania and-horrible to say !-in Onio. And now does the Radical chieftain couch his pen and amble to the rescue. From his crest wave bonds and bills, and on his azure shield is a pouch Or-false her aldry, but true carpet baggery. Strange to say, he does not himself enter the lists, gaily caparisoned though he be. The King of the Carpet baggers has for his best friend one of the vessels engaged in relieving the a New England skip jack, who is allowed to British ship Ann Eliza, on the beschat Smith's use all the weapons in the armory of his

Short it is, but strong. Thus: K. K. K.

of the Carpet-baggers and the skip jack New Englanders. There are but two dishes of horrors, and upon these the Radicals must feast daily; now reast, now boiled, now broiled, now fried, now stewed. This is not fair on the part of New England. The same ingenuity which at home gave the world wooden nutmegs, Feejee Mermaids and the Wooley Horse, ought to be able to give the South Carolina Radicals something fresher than these eternal variations on Nimble Nick of Newberry and the Ku-Klux-Klan.

Tury have bright Radicals in Union County. The Unionville Times says that H. W. Duncan, the Radical senator from has filled out a model subposus. It is headed "union County" and addressed to "any Lowful officer." The witness is summoned to appear at the "cur often ook" in a certain case in which "the Townconcil consernd Plaintiff, against is S. W. Dupree Defendant; is Townconcil." The italies in the last sentence indicate printed words in the blank.

This is equal rights in orthography !

THE Unionville Times says: "In our State 'canvass, we beg the Phoenix and THE CHARLESTON NEWS to let alone such barren questions as free trade, protective tariffs and uniform ourrency. Let them alone 'until our greatest evil is removed."

We reply that THE CHARLESTON NEWS has never attempted to make these questions the turning point in our State canvass. The platform of this paper, in all State questions, is Anti Radicalism, pure and imple.

In answer to a correspondent we beg to say that we presume that the authority of the Treasurer of Colleton County "to col-"leot a capitation tax" is given him by section 43 of the Tax law, which is as follows "There shall be assessed on all taxable polls in the State an annual tax of one dollar on each poll, the proceeds of which tax shall b applied solely to ecucational purposes."

THE Radical rumor that there was danger of an outbreak in Auderson is, as we supposed, wholly false. The Intelligencer says there has been no breach of the peace and no disturbance, beyond what was caused y the howling of drunken negroes during he session of the Investigating Committee.

OUR Colleton correspondent reports that hree murders by negroes have taken place in a short time, and that there have been three incendiary fires in Walterboro' in one week. Perhaps the Radicals will call these Democratic outrages !

THE Phoenix says: "The buildings which the City Council are preparing for the coming fair are in course of rapid con struction. Columbia will be ready for the fair."

A Band of outlaws, from North Carolina, re now in the Peedee Swamp, in Marlboro County, South Carolina. The Radical papers will soon be full of "Ku Klux" rob beries and "Ku K'ux" assassinations
